TEASER

EXT. HILL-DAY

We see the entire city from the place the two men are standing. We can see big building from the left side and small and common buildings from the right. In the middle of the screen is a big white tower standing high and the top of this tower is hidden by the clouds. We focus closer on the characters now. Both of them are staring at the tower.

The left man is Marik. He is still a boy 15 years old with shiny blue hair and golden eyes.

The man from the right is Madar his brother. He is taller than him and has black hair and dark brown eyes.

We zoom in the tree near them. The tree starts to shake. Leaves are starting to fall off and fly away toward the city. We follow one of the leaves as it goes toward the city streets. It flies by a magic shop, an old lady and is ending under a car.

We focus back at Marik and Madar. They are still standing and watching the city.

MARIK

I failed didn't I.

MADAR

No you didn't little brother, no you didn't. You can fail only if you can even try. You never really get your chance.

A wind is starting to blow

MARIK

I failed her. I failed her again. And she only wanted one thing for me. She wanted me to succeed to be someone, to be someone great, someone important.

MADAR

Things don't always go like we expect. You should know that. Life doesn't turn like we planned. It is not meant to be that way.

MARIK

But I was hoping, I got a chance.

We focus on his golden eyes. They shine for a second.

The wind is becoming stronger.

MARIK (CONT'D)

What should I do now?
What?

MADAR

You should never give up. When you was born you had golden eyes. I was tree then I don't remember but our mom was always telling me about that day. Most of our nighbours come to prey in front of our house. Hundreds of people. Golden eyes are a sign of greatness, a sign of something special.

MARIK

Almost every great sorcerer has had a golden eyes. Eyes of legend.

MADAR

That is true. But they are also called eyes of sorrow. It's said that whoever have a golden eyes will bring peace and justice to the people but will bear their sins. No great wizard have ever been happy. Eternal sadness. Eternal loneliness.

MARIK

I would have found a way.

MADAR

Well the universe have other plans for you. You are too old to be a sorcerer now. If you are older then 15 years and you haven't developed powers ..You are not a wizard. Sorry little brother.

A tear is felling of Mariks face.

MADAR (CONT'D)

You are going back to school bro. I now it will be strange for you after so long but it is the right choice. Our mother would have liked that. There more ways to be great. It's not only wizard that had golden eyes true history. There are others too.

(MORE)

MADAR (CONT'D)

And no everyone with golden eyes
is meant to be great.

The wind is even stronger. Marik and Madar move closer to
the tree to block the wind with his stable.

MARIK

The wind is getting stronger.

MADAR

Yes. We should go home now. It
may start raining.

MARIK

No not yet. Just for a little
while. I like it here. It's nice.

MADAR

You want to look at Supreme
University. (Small pause) It is a
dream. Nothing more. It is time
to let go of it. You Are too old
to be a sorcerer.

MARIK

I knew. No sorcerer older than
15. It was my dream. I was so
close.

MADAR

Great things will happen to you
Marik. I can feel that. I know
that. Wait and you will see.

The wind is very strong now. Marik And Madar are turning to
see from vere is coming. A shadow is slowly covering the
ground first covering the tree and a couple of seconds
later is covering them. Marik and Madar look up and they
see a gigantic golden dragon flying above them.

MADAR (CONT'D)

Is that a dragon?

MARIK

MARIK

There is only one golden dragon. The Phoenix the timeless one. Let's go.

MADAR

MARIK (*SMILING*)

sorcerers. I think he is not a
real treat writhe now.

Couple of second later a men dressed with a dark red robe enters the room. This is the leader(this is not his real name but we will address him like that for now).

The leader have golden eyes and golden hair. Hi Is toll and approximately 30 years old.

The leader is moving toward a big clock that is directly behind him.

Hi is watching the clock for couple of seconds. Then he turns around and still standing he starts to speak.

Another elder joins the argument.

ELDER 2

Of course it is. The time has finally come.

ELDER 1

Once we reveal ourselves to the world there is no turning back. We than can't go back. Once they now about our existence we better be ready.

The leader smiles for a second but his face clearly turns serious.

LEADER

Don't worry my brothers. I have a plan. I assure you I have taken every step of precision in this matter. I am wear that there is no margins for error. And you knew that I have never failed you.

Elder 3 joins the conversation.

ELDER 3

I am with you. And I say it's time to act. We should do this now. Tell us what have you planned?

LEADER

I hoped you would ask that?

A strange cripple men enters the room. Hi Is early walking. One of his leg is missing and is replaced with a wooden one. The men also have a severely hunched back. This is the the STRANGE MAN.

STRANGE MEN

He might be a problem leather. He is too strong. But for now we should make preparations.

ELDER 1

We should start with Supreme university.

LEADER

I know. I already have a plan in motion.

We slowly zoom out from the room.

EXT - CENTER OF THE CITY ALEXANDRIA -DAY

Marik and Madar are walking down the street. They Re in the center and there no cars in this part. Only People, kids and bicycles.

The town center is in a circle shape. In the center we see a fountain.

Marik and Madar look at the Great Tower.

MARIK

Look at it.

Marik is showing at the golden dragon who is still standing attached at the tower.

A lot of people are standing with him watching the dragon with amaze. A lot of people are standing and pointing at him. A young girl is taking pictures of him. After a pause Madar continue to speak.

MADAR

Yes it is. But what is he doing there?

MARIK

I don't know but is something connected with the sorcerers. I don't believe in coincidence.

MADAR

I thought that dragons are extinct. Like the dinosaurs or mammoths or banshees. I never knew that there still out there.

MARIK

Me neither. Dragons were not seen until the last great war. I learn a lot in my trainings for sorcerer last few mounts. One of the subjects was dragons and magic.

MADAR

And now you can actually see one.

MARIK

Yes I can. But this one is special. It's a golden dragon. A sign.

Couple of birds are flying away distracting them.

MADAR

Them birds. They are particularly aggressive today. I wonder if that has something to do with the dragon?

A boy is coming close to them. It's a small 11 year old kid with a bunch of newspapers in his arm.

BOY 1

Would you like to buy a newspaper sir?

Marik and Madar turn around and starts to stair at the boy.

Madar check in his pockets but they are empty.

MADAR

No thanks.

BOY 1

OK ,have a nice day.

The boy leaves but Madar notice something on the newspaper. A picture from the dragon.

MADAR

This story already reached the media. Come, it is almost 11 o'clock. We should watch the news.

Madar and Marik are walking fast toward one of the windows in the shops near by.

In the windows we see a lot of TV sets. In the center we see a big plasma TV.

On the TV we see a image of the Great Tower and the Golden Dragon. Letters like and unusual happenings, and confusing settings are flying by on the down edge of he screen.

JESSICA MARLOU a beautiful blonde young reporter is showing up. She is holding a Dictaphone in her hand she starts talking.

JESSICA

Good afternoon ladies and gentleman. Today we are witnessing and unbelievable happening. A Golden Dragon creature from the legends and from the stories has show in our city.

She tingles her hair and taka one short look at the dragon.

JESSICA (CONT'D)

The dragon was first sited at 9 o'clock this morning flying above the city, causing panic and disorder on the streets. After few minutes of flying the dragon has settle on the top of the Grand Tower in the hard of the Supreme University. He has not abandon his location from then.

We take a look at Marik and Madar who are watching the news carefully.

JESSICA (CONT'D)

Why is this dragon in our city? What is hi doing now showing after so many years? And are there more like him? For this answer we contacted dr. Gregory Town an expert of dragon history.

(MORE)

JESSICA (CONT'D)

Dr. Gregory Town is author of the bestselling book "Dragons among us" and multi awarded book "Genesis of the dragons" ,a book that in the scientific circles is counted as one of the best book in the field. Let here from him now.

The TV screen is separating in two parts. From The left we see Jessica and from the right we see and older long haired gentleman. This Is DR. GREGORY TOWN. He has a serious look on his face and a long white hair.

JESSICA (CONT'D)

Hello dr. Town

DR. TOWN

Hello Jessica. Thank you for inviting me in this show.

JESSICA

You are always welcome. So tell us dr. Town do you monitor the recent events that are happening in this town.

DR. TOWN

Yes I do Jessica. And I am amazed. I was always hoping that one day I will have the opportunity to see a real dragon.

JESSICA

Well now you have your wish come true.

DR. TOWN

I do actually. Dragon hasn't been seen since the last great war. Some of us even believed that the dragons were extinct. For 500 years there were no dragon sightings.

JESSICA

What does this mean? Is this the last dragon?

DR. TOWN

I strongly doubt that. Dragons can live up to 400 years. But this dragon is pretty young , I will say no more then 100 years old. So he was born recently. Dragons reproduce like lizards. Five or six at a time.

(MORE)

DR. TOWN (CONT'D)

No more than three survive
, sometimes only one. It is
reasonable to assume that this
dragon have a family brothers
sisters, mother, father..

JESSICA

But you can not exclude the
possibility that this is the last
dragon.

DR. TOWN

No I can't. Still that scenario
is not likely. The dragons have
probably retrieve in a safe
location after the great war far
away from the humans reach. This
dragon probably .This Dragon
probably strayed away from the
flock.

JESSICA

That is an interesting theory dr.
Town.
(Small pause)
What can you tell us about this
particular dragon?

DR. TOWN

Well the dragon is no more than
hundred years old. He is male and
is pretty young and vital. It's
part of the flying dragons
family, a golden dragon
subspecies.

JESSICA

Golden dragons are not the most
common dragons.

DR. TOWN

You are right Jessica. We know a
little about this particular
types of dragons. There were only
couple of sightings true history
but evidence we have gathered
suggested that they are similar
to the blue dragons. They are
more than 20 meters long and
weigh three times the elephants.
They are strong fire breathing
creatures. They are also
considerate very hostile.

JESSICA

I have read somewhere that golden
dragons only appears in great
conflicts.

DR. TOWN

Yes that is true. The only sightings are during various wars. The first great war, second great war, the human-wizard war, the elf-human war.. There are other examples as well. And two golden dragons at a time were never spotted. Some scientist like professor Stiven Baxtor even claimed that there is only one golden dragon but that idea was never accepted.

JESSICA

Is there another war coming doctor?

DR. TOWN

There is no sure way to know. Some animals can sense danger and run away from it. Like mouses who always know when a ship starts to sink. Maybe this dragon can sense conflict no one really knew. I believe that this is a young dragon lost from his flock. He will probably leave soon.

JESSICA

And is this young dragon dangerous.

DR. TOWN

Dragons are intelligent creatures. Some say that they even myth bee more intelligent even then the humans. But we don't know for sure. Dragons rarely attack first, so if he is not provoked he will probably not react.

The screen where dr. Town was disappear and now we see only Jessica.

JESSICA

Thank you for the interview Dr. Town. For more info about the dragons with more expert opinions join us in the evening news.

Commercial block is starting. We see a fanny little red dragon walking on a toilet seat and after a couple of seconds a logo appear.

LOGO

With DRAGON WASH you can wash and wash true the legend land. DRAGON WASH saves you many, DRAGON WASH saves your strength.

In this moment Marik and Madar stop watching the TV and turn around.

MADAR

We should go home now.

MARIK

Yes we should but can we return here tonight, I want to see the evening news.

MADAR

Sure but first we should go to school, to see if they will take you back.

MARIK

OK deal. Don't worry I have missed only two mounts they will probably take me and not make me repeat a year.

Marik and Madar are leaving the center area.

EXT. SUPREME UNIVERSITY YARD- DAY

The yard of the university is big. We see students passing by carrying books running somewhere. Two figures are standing there talking. Professor TIR GAREN and Professor HELEN TROK. Tir is middle aged good looking professor with dark brown hair. Helen is 50 year old dean of the university. She has black short hair.

PROFESSOR TIR

When is our guest arriving?

PROFESSOR HELEN

It should be any moment now.

PROFESSOR TIR

So now we are refuge camp. I don't like the idea this school to start to interfere in other countries politics.

PROFESSOR HELEN

Me neither. But in this case I was forced to make an exception professor. The circumstances demanded it. This boy can be of a great use to us.

(MORE)

PROFESSOR HELEN (CONT'D)

And if we lifted him unprotected
he was going to be slaughtered
with the rest of his family.

PROFRSSOR TIR

Yes that is true. But we must be
careful with him. He myth be
young but he is also the only
heir if the Makedonian throne. If
we make a mistake it will cost
us.

PROFESSOR HELEN

That is way I count on your
support. The school board have a
meeting later in the afternoon.

the Golden Dragon.

PROFRSSOR TIR

lithe hair. He is toll and good looking , muscular. The old
one is DIMITRY his servant. He is old and he is carrying
tree big suitcases.

DREZDEN

Common Dimitry hurry with the
begs. They are waiting for us.

Professor Tir and Helen approach Drezedn.

PROFESSOR HELEN

Hello your majesty. It's an
honour to finally meet you.

DREZDEN

Professor Helen stop talking and watch him for a couple of
seconds. She is confused by his answer.

PROFESSOR HELEN

Professor Tir smiles ironically.

PROFRSSOR TIR

(Looking at Dimitry)
(shouting)

Dimitry is caring the bags as fast as he could but he has problems with them.

DIMITRY

I am coming master. I am coming.

DREZDEN

Incapable fool.

PROFRSSOR TIR

Yes he is.
(Short pause)
You won't have difficulties getting use on life without him.

Professor Tir smiles again.

DREZDEN

PROFRSSOR TIR

Personal servants are not allowed in the school. We can't let him in.

PROFESSOR HELEN

He is right.

DREZDEN

But I am just a guest I am not a student in this faculty.

PROFESSOR HELEN

(MORE)

PROFESSOR HELEN (CONT'D)

servants in the school. They will
take good care for you.

Dimitry is finally catching up and he is hearing the
conversation.

DIMITRY

But what will happen to me? I

PROFRSSOR TIR

Don't worry Dimitry we will think
of something?

(Pause)

Professor Tir is offering his hand. Dimitry is looking
confused for a second and shake it afterwards.

PROFESSOR HELEN

Let us show you room you majesty.

They are walking toward one of the buildings.
